Dear all
I was very saddened to hear the news about Hilary. I've had the pleasure to work with her for ten years and we've had some good giggles.
Unfortunately my movement is limited and I am unable to walk over, due to an injury.
Please convey my deepest condolences to the family and School.
Best regards

RE: Thank you and farewell

Eerily on the day of this message young chap came running looking for Mrs Jacobson. I thought he missed an exam; he said he wanted to report a death of a student. She was in Geology. But he's asking for Mrs Jacobson. Five years from now people will still be looking for you.

Dear MIA friends and colleagues

My time at Wits and this chapter of my life is coming to an end but will never be forgotten. The years spent in the School have been the happiest years of my working life.

Thank you from the bottom of my heart to you all for the magnificent recipe stand and all your special treasured recipes. The kitchen will definitely be calling me on my return from Cape Town! I may even bring you some extra cookies for a Friday tea (if that ever occurs again).

Hopefully I will be able to make many visits to laugh about the good old days and finally meet all the new staff from 2020!!!!

All the very best wishes to you all and thank you for making these years as happy as they were.

Lastly, wishing you all the very best over the festive season and hope that 2021 will be filled with lots of health, happiness and normality.

With very best wishes
Hilary
